1. You are fanning the flame, the flames. You are fanning the flames. You are fanning the flames of freedom that will come and affect every person who will let Me come through the message of freedom; the message which brings Me clearer, purer, not diluted and not delineated with the rules of men.

2. I am the teacher, I was a teacher, and I am a teacher and I will always be a teacher. I love to teach. I love to share. I love to share the structure of who I am, the beauty of My Father, the beauty of what we have done. We love to share. We love to converse. We love to come. We love to be in your presence. I want so much more to be in your presence. I want to be in your presence, recognized more, recognized more for who I am and what I am doing.

3. You will hear listener, reader, ponderer, I so much desire to come and make Myself so much more known to you, so much more real to you—revealing My design, My design, your potential, all that you can do, all that you can do and reach and reach inside Me for, that comes only by reaching inside Me.

4. Only by reaching inside Me and laying down the doctrines of men will you come to a pure understanding of who I am. You must be willing to lay down the things that you have held. You must be willing to lay them down and look at them and put them on the alter before Me, to put them on the alter before you.

5. If you ask, I will answer, I will answer. **I always answer. I don't always answer right then. I don't always answer the way that you or anyone else thinks I should, or when you think I should, but I answer.** I answer through Me, I answer through My Spirit, I answer through My body, and I answer many times through circumstances that I orchestrate to show you the experiential learning systems of Me.

6. I love you. I love you so much. I love you so much. I am revealing Myself as never before and in 2004 you will see Me, you will see My hand. Many things you will know are Me and many things you may wonder, you may wonder about and think are not Me, but come to Me. Come to My knee. Come to My quarters. Let Me reveal Myself. Let Me speak. Let Me be who I am, do what I want to do, show you what I want to show you, take you where I want to take you, connect you with people all over My world.

7. Connect you, connect you, connect you. This is the day of connectivity, both in networks of technology, networks of Spirit, networks of My design, networks operating in My value system and communication systems of only Me. Symbols not, symbols

some, but symbols not only, but Me, Me, Me coming forth, not in symbolic nature alone, but in prefect of perfectness, manifesting in joy, laughter, and freedom.

8. I come and I come more and you will see Me. You will see Me more this day. You will see Me increasingly this day, this season, for I come; a special day, a special season, Joel 2.

9. Look into the eyes of My seeking and see their voids and see how My fire will light their eyes. See how My fire will fan their flame. See how My fire will energize and motivate and enthusiasm bring to even the most destitute, the most poverty ridden, the most poverty-of-spirit ridden person.

10. I come and I call and I confirm. These and many things I will say over and over. Concern yourself not with My repetition except to realize the importance of My repetition, not My reputation, My repetition.

11. I am not concerned about My reputation and I am not concerned about your reputation. I am concerned about Me, and the fullness of Me, and the fullness of you. One, the One that's coming forth.

12. I love you. I bless you. I give you praise for coming to praise Me, to love Me, to bow before Me, to write My words through speaking My words. I love you. I love you. I love you.

13. Please convey My love to My people. Convey that I am arising them this day, to look for Me, to see Me, and not be diverted from their attention. I am the one who honors them this day.

14. It's time. It's time. It's time now, today, to stand up. Stand up. Stand up. Stand up in your gifts, your calling, and who you say that I am, and in who that you say that you are.

15. Let Me see you stand, let Me see you bow, and you will see Me stand and you will see Me bow, and you will see powers and forces of darkness in people of political power and prowess in nations many bow before Me, and bow before you because of Me in you. And you who think this applies only to someone else, re-think, reconstruct your thinking to be in line with My words. I do not limit you, I do not limit you, you limit yourself.

16. Come to Me. Come to Me. Let Me flourish you. Let Me water you by the streams in the desert, by the streams and oasis, by the streams of life and truth.

17. I love you and I give you praise. I bless you this day. Come to Me. Drink from My cistern, from My well, while the fire of My Holy Spirit fans your flame into the fullness of your design.

I bless you and I love you and I thank you this day.
Amen
